

ST MICHAEL'S INSTITUTION
ALUMNI ASSOCIATION KLANG VALLEY

DINNER & TALK

'IS YOUR LIFE ON PAUSE?'

You are invited to participate in the St Michael's Institution Alumni Association Klang Valley
DINNER & TALK 'IS YOUR LIFE ON PAUSE?' by Associate Professor Dr Ong Teng Aik MD
on Saturday 19th November 2011, 7pm at LaSalle Centre,
Lorong Cantik, Off Jalan Gasing, Petaling Jaya.

THE TOPIC

The Talk is about MEN. Aging men. There are already many talks about menopause for women. What about the men? Is there a "MEN - PAUSE" ?

There will come a time when men will grow a 'spare tyre' around their waist even when they 'control' their diet. They used to enjoy outdoor activities but they get progressively glued to the sofa and TV, quoting 'tiredness'. Passing urine, used to be a simple action in their younger days, is slowly developing into a major task with difficulty. Sex life is also affected as men grow older. What used to be an 'angry bird' which could be stimulated and called into action has easily become a 'sleepy bird' !

All in all, the challenges for ageing men are many! What is the cause for these changes? Are there solutions to these problems? Come and let us find out together at this talk as this talk is beneficial to everyone - it helps both men and women to better understand one another and also for us to understand our aging parents and friends in their silver- haired years !

THE SPEAKER

Associate Professor Ong Teng Aik qualified in medicine from University of Malaya in June 1995. He was nominated as a Fellow with the European Board of Urology and obtained his FRCS in Urology and the British Intercollegiate Board in Urology in 2006. He now practises in the University of Malaya Medical Centre as Associate Professor and Consultant Urologist and specializes in various urological surgery and procedures, and has authored numerous publications.
